

ATTENTION: HEADMASTERS/ATHLETIC DIRECTORS

As we begin the new sports season this week, please remind all of your school community that the AISA and your school expect good sportsmanship. All schools must have an on-going sportsmanship education program for their players, students, and fans. Host schools must read the AISA Sportsmanship Statement over the PA system and posted in a conspicuous location at the stadium.

REMINDER FOR PUBLIC ADDRESS ANNOUNCERS:

The announcer on the public address system has a primary responsibility to inform fans and supporters of the host and visiting schools regarding the starting line-ups, participants involved in plays that are occurring on the field, and in general, to be as impartial as possible. It is extremely important that a PA announcer's remarks be conducive to good sportsmanship and in the best interest of the interscholastic athletic program within the AISA. Schools are responsible for the actions of their PA announcers.
